

Missouri Department of Natural Resources Water Protection Program

303d Stakeholders Meeting, March 31, 2006

Attendees: Phil Schroeder, Rich Burdge and John Ford – Missouri DNR, Larry Shepard- USEPA, John Reece – Little Blue Valley Sewer District, Dorris Bender – City of Independence, Buffey Santel – MSD, Ted Salveter – City Utilities of Springfield, Mary West – Missouri Public Utilities Alliance, Gina Jones – St. Louis Home Builders Association.

At the March 17 meeting, stakeholders reviewed the March 2nd revisions to the proposed 303(d) Listing Methodology Document (LMD). Comments received at and subsequent to that meeting were the basis for further revisions to the LMD made on March 20th and emailed to stakeholders. The March 20th revision of the document was reviewed at this meeting and several edits were agreed upon based upon earlier comments. The latest version of the LMD based upon edits made at the March 31st meeting is attached and will be posted on the DNR 303d website.

Future Actions

April 11- Public Meeting on 303d LMD Revisions. 10:00-4:00 DNR Elm Street Conference Center, Jefferson City. This will be the last stakeholder meeting prior to the special Clean Water Commission hearing to approve the LMD.

April 19- Clean Water Forum Meeting for 303d has been cancelled.

May 17- Clean Water Forum Meeting for 303d has been cancelled.

June 5- Meeting of the Clean Water Forum. The 303d stakeholder group will be asked to give a 15-20 minute presentation on the groups activities and accomplishments. Non-DNR volunteers are being requested to give these presentations. I would envision one person to give the majority of the report and a second person to discuss items of concern that were not adequately addressed by the LMD. If you would like to volunteer, please let me know and I will assist you in providing what information you cannot glean from the 303d stakeholders website.

Early June – exact date to be announced. Special session of the Clean Water Commission. DNR will ask for the commission's approval of the Listing Methodology Document at this meeting.
